In early 1987, the Patricia Manning Memorial Fund was created in Patti's name, an 11 years old, who lost her long battle with the cancer. The Patti Fund's mission is to raise as much money as possible for the families of kids with cancer.

On July 4th, people from all over New York will attend Sophist Productions Presents Independent's Day 2007, a free concert at Water Taxi Beach which leads up to the best view of Macy's spectacular fireworks display. All monies collected benefit the Patti Fund/American Cancer Society and help children battling cancer.
